

PATIENT SAFETY INNOVATION PRIZE — Closing Date Extended to 4th May 2012

Have you developed a proven patient safety initiative?

Have you got some evidence that it is effective?

Does your idea have the potential for wider benefit?

We would like to invite you to submit your innovation to a patient safety competition to showcase your idea and its implementation – with a chance of winning up to £1000 prize for your organisation.

Closing Date – 4 May 2012

The prize will be announced at the *Safety in Numbers* network launch and Patient Safety Masterclass on 15th May 2012.

Not sure if you have an innovation?
We consider an innovation to be any of the following:

- Finding a solution to a safety problem
- A new way of staff working together to deliver safe care
- A new application of existing approaches
- A resource to help staff to deliver safe care
- A new invention
- New training materials
- Any change for the better
